Guiding Principles

Reduction of Nosocomial Infection

MASS™ Medical Storage is committed to helping facilities reduce their infection rates.

From concept to production, our carts and cabinets are manufactured to support infection control protocols across all patient procedure areas.

The national product experts collaborate with your team to identify storage systems that meet standards and guidelines of The Joint Commission, AORN, SGNA, and AAMI.

Protection of Valuable Medical Equipment

Damage prevention is a major factor in choosing the right storage system.

Our storage products are designed specifically for Cath Labs, Operating Rooms, Hybrid ORs, GI, Emergency, Ortho, Sterile Core, ASCs, Clinics, and all patient procedure areas.

Combined with proper handling and equipment knowledge, our products protect valuable equipment used throughout acute care facilities.

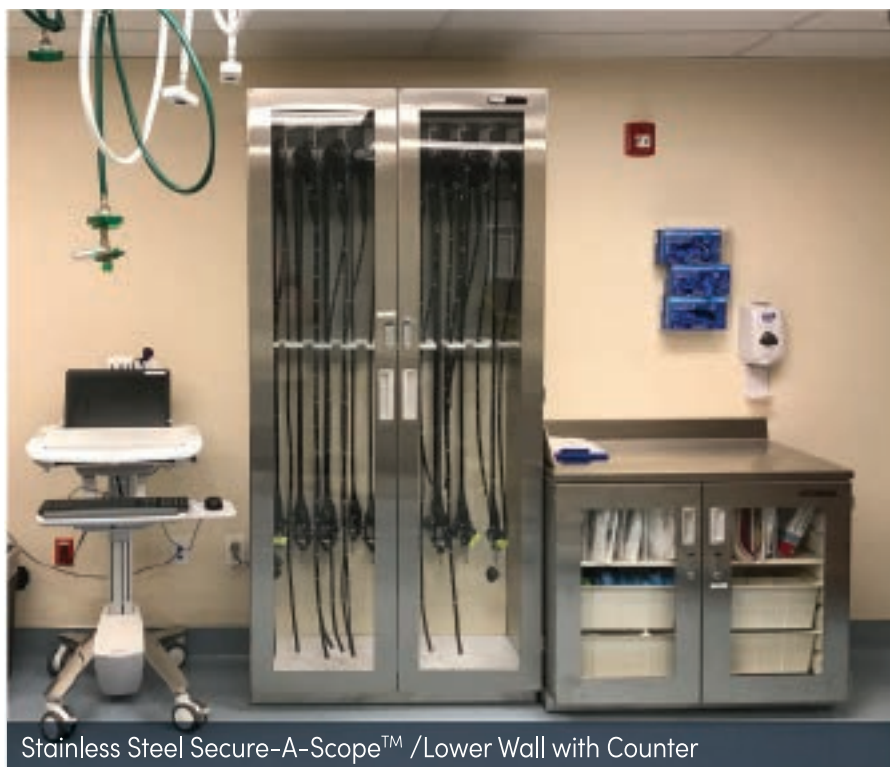

Progression of Clinician Safety

As a design forward company we understand the importance of ergonomic reach zones within acute care settings.

Feedback from clinicians allows MASS™ Medical Storage to continuously improve our products.

We design and manufacture medical storage products with the goal of progressing clinician safety through improved ergonomics.

Endoscopy

MASS™ truAIR™ Drying Cabinet

Holds 9 flexible endoscopes.
18.875"D x 57.5"W x 91.9375"H

The MASS™ truAIR™ Drying Cabinet is designed to provide HEPA-filtered, pressurized airflow directly into the cabinet itself and continuous positive air pressure through each endoscope lumen. Our proprietary system achieves these standards at an unprecedented value, enabling most facilities to meet higher standards and provide their patients with the best in infection control for endoscope storage.

18 Scope Storage Cabinet

Holds 18 flexible endoscopes.
18"D x 41"W x 95.25"H

Pass-Through Storage Cabinet

Holds 8 flexible endoscopes.
23.12"D x 40.87"W x 93"H

Wall-Mounted Scope Cabinet

Holds 4-8 Small Diameter Scopes.
11.25"D x 19.125"W x 48.125"H

GOcart™ Scope Transport System

4 trays and lids included.
25"D x 22"W x 38"H

Stainless Steel Exchange Cart

Stainless Steel Casework

Melamine Full Wall /Upper Wall

Melamine Cabinet

Stainless Steel Cath Cart

Cardiology

Full Size Exchange Procedure Cart

FIFO Glide™ shown. Mix and match interior parts.
26" D x 45.12" W x 78" H

FIFO GLIDE™ CATHETER MANAGEMENT SYSTEM

- Exceeds industry average storage capacity.
- Slide-out tracks provide quick access to catheters.
- Eliminates tiring reaching and stretching.
- Hooks rotate 90° to easily access catheters.
- Choose between 5 or 7 hooks per track.
- Each hook holds up to 15 catheters.

Full Size Wall Storage Cabinet

Stainless steel cath lab storage.
22.75"D x 41" W x 84" H

Lucent™ High Density Modular Cart

Translucent trays. Customizable dividers.
29.375"D x 23.5"W x 79.25"H

Hanging Cath Wall Storage Cabinet

Maximize vertical cath storage.
16" or 22" D x 21.6" W x 89.5" or 91" H

Boxed Cath Wall Storage Cabinet

Customizable to increase storage.
16.75" or 22.75" D x 40.9" W x 84" H

Upper Wall Cabinet

Hanging wall cabinet storage.
11.25"D x 19.125"W x 48.125"H

Lower Wall Cabinet

Modular components increase storage.
11.25"D x 19.125"W x 48.125"H

Full Size Exchange Procedure Cart

Stainless Steel. Full Width slide-out shelves.
26" D x 45.12" W x 78" H

Full Size Exchange Procedure Cart

Mix and match interior parts.
26" D x 45.12" W x 78" H

Mid-Size Exchange Procedure Cart

Fully customizable. Divided or Full Width.
26" D x 45.12" W x 44" H

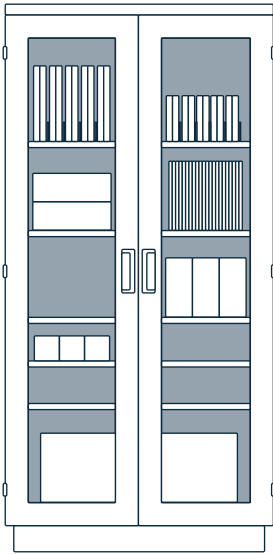

Standard Exchange Procedure Cart

A good option for any medical storage need.
26" D x 25.62" W x 44" H

MASS™ Medical Storage products are designed in the United States, machined to precise specifications, and hand-finished under strict quality control standards. All products are backed by a 7-year warranty.

MASS™ Medical Storage carts and medical storage cabinets can be customized for every room in any department. Versatility and quality craftsmanship make it the most desirable medical storage available. MASS™ products include medical storage cabinets and carts constructed of melamine, powder coated metal, stainless steel, and high density plastic.

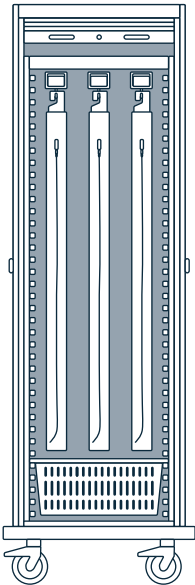

Core Competencies

- MASS™ Medical Storage manufactures quality medical device storage cabinets and carts.
- 20+ years experience designing high-quality medical storage products used around the world, within IDNs and Medical Centers throughout the United States.
- Closed storage medical solutions expertly designed to help reduce common touchpoints, along with HEPA air filtration to assist cleaning protocols for prevention of Hospital Acquired Infections (HAI).
- Storage systems designed specifically for Cath Labs, Operating Rooms, Hybrid ORs, GI Drying and Storage Cabinets, Emergency, Ortho, Sterile Core, ASCs, Clinics, and all patient procedure areas.
- Our design and national product experts collaborate with your teams to effectively prepare for The Joint Commission, AORN, SGNA, AAMI and all hospital infection control protocols.

Past Performance

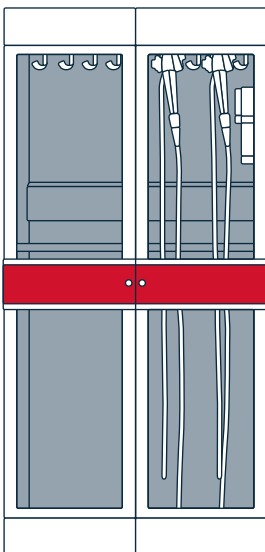

Our products are chosen by value-driven Medical Centers around the World such as:

- MD Anderson – Cath Lab / OR
- NY Langone – New Kimmel 60 ORs
- Cleveland Clinic – GI Lab
- Kaiser Permanente – ED and Air Cabinets
- Brigham and Women's – Cath Lab
- CHRISTUS Health – EP / GI / Cath Lab
- Mayo Health – Cancer Centers / GI
- Dignity – Storage Carts
- Sutter Health – Procedure Carts
- CHOP – Pyxis Replacement Project

Differentiators

- Fast lead times, Ship in as little as 5 days
- Special delivery considerations for The Joint Commission, and CMS corrective actions
- Stainless, powder coated metal, and melamine specialists
- Architect and Project Manager collaboration
- Proprietary Catheter Management Systems
- GI Experts in storing scopes
- Scope Drying and Storage Cabinets
- Scope damage prevention consulting
- Nationally recognized MBE
- Manufactured in the USA
- In-house team of CAD Engineers to collaborate with architects and PMs
- PAR Systems Specialty Cabinets
- Unparalleled customization

Company Data

- TIN #27-4279410
- PSC Code: 7125
- NAICS codes: 337212, 337215, 339113
- Cage Code: 078K0
- GSA Contract: V797D-50461, V797P-4230B
- Premier Contract #PP-FA-682
- Vizient Contract #CE2905
